**New Business:**

**1782 Notice:** Discussed the typo error made on the Tax Levy Rate in the Fire Fund. The following Resolution was adopted by the Board: Be it resolved by the Fall Township Board, Hamilton County, Indiana, that for the 2018 adopted budget there was a mathematical error calculating the 2018 Fire Fund tax rate. Inadvertently total township assessed valuation (3,800,000,000) was used in Gateway to calculate the Fire Fund rate and only the portion of the township outside the corporate limits (180,000,000) should have been used. This resulted in the township board adopting the correct budget levy, but the incorrect Fire Fund tax rate (.0166). Therefore, be it resolved by the Fall Creek Township Board, the 2018 Fire Fund tax rate should have been adopted at .3500 (35cent). Chad motioned to approve / adopt the resolution, Jason seconded. Adopted and Approved.

**2017 Annual Report:** Jason motioned to approve, Chad seconded it. Approved.
